RANGE

Finding Range:

⇉   The Range is the difference between the largest and smallest values in the data set.

Find the range of these numbers.

17, 15, 16, 15, 19, 24, 13

Largest value: 24   Smallest value: 13

Range = Largest value - Smallest value

Range = 24 - 13 = **11**

---

1)   71, 78, 45, 56, 70

Large number:
Small number:

Range: _____

2)   18, 22, 34, 34, 54, 11

Large number:
Small number:

Range: _____

---

3) 7, 4, 7, 10, 17, 32

Large number:
Small number:

Range: _____

4) 98, 87, 76, 67, 56

Large number:
Small number:

Range: _____

---

5) 54, 50, 52, 51, 56, 44, 47

Large number:
Small number:

Range: _____

6) 61, 68, 79, 76, 20, 30

Large number:
Small number:

Range: _____

RANGE

Answer key

Finding Range:

→ The Range is the difference between the largest and smallest values in the data set.

Find the range of these numbers.

   17, 15, 16, 15, 19, 24, 13

   Largest value: 24   Smallest value: 13

   Range = Largest value - Smallest value

   Range = 24 - 13 = **11**

---

1) 71, 78, 45, 56, 70

   Large number: **78**
   Small number: **45**

   Range: **33**

2) 18, 22, 34, 34, 54, 11

   Large number: **54**
   Small number: **11**

   Range: **43**

---

3) 7, 4, 7, 10, 17, 32

   Large number: **32**
   Small number: **4**

   Range: **28**

4) 98, 87, 76, 67, 56

   Large number: **98**
   Small number: **56**

   Range: **42**

---

5) 54, 50, 52, 51, 56, 44, 47

   Large number: **56**
   Small number: **44**

   Range: **12**

6) 61, 68, 79, 76, 20, 30

   Large number: **79**
   Small number: **20**

   Range: **59**
