## Answer key

TD21

Classify each shape as 2D or 3D shapes.

|                  |                         |                        |             |
|------------------|-------------------------|------------------------|-------------|
| <i>Rectangle</i> | <i>Pentagonal prism</i> |                        |             |
|                  | <i>Cone</i>             | <i>Triangle</i>        | <i>Star</i> |
| <i>Sphere</i>    | <i>Heart</i>            | <i>Hexagonal prism</i> |             |
| <i>Cube</i>      |                         |                        |             |
| <i>Circle</i>    | <i>Hexagon</i>          | <i>Square pyramid</i>  |             |

| 2D shapes           | 3D shapes                  |
|---------------------|----------------------------|
| 1) <u>Rectangle</u> | 1) <u>Cube</u>             |
| 2) <u>Triangle</u>  | 2) <u>Cone</u>             |
| 3) <u>Circle</u>    | 3) <u>Sphere</u>           |
| 4) <u>Star</u>      | 4) <u>Pentagonal prism</u> |
| 5) <u>Heart</u>     | 5) <u>Hexagonal prism</u>  |
| 6) <u>Hexagon</u>   | 6) <u>Square pyramid</u>   |
