Name _____

Score _____

Body Parts Functions

Match the body parts and its function.

Teeth	•	•	Helps digest food
Head	•	•	Covers our body
Fingers	•	•	Helps us chew food
Feet	•	•	Supports the head
Skin	•	•	Helps to pick small things
Neck	•	•	Helps us think
Stomach	•	•	Helps balance the body

A series of red lines connecting dots on the left (body parts) to dots on the right (functions). The connections are: Teeth to Helps us chew food, Head to Supports the head, Fingers to Helps us think, Feet to Helps balance the body, Skin to Helps to pick small things, Neck to Helps digest food, and Stomach to Covers our body.
