## Answer Key

A pizza is cut into 4 slices. Riya eats 2 slices.  
Write the fraction and an equivalent fraction.

$$2/4 = 1/2$$

A chocolate has 15 pieces. 5 pieces are eaten.  
Find the equivalent fraction.

$$5/15 = 1/3$$

A fruit is cut into 6 parts. Sara eats 3 parts.  
Write an equivalent fraction.

$$3/6 = 1/2$$

A cake is divided into 6 slices. 1 slice is eaten.  
Find the equivalent fraction.

$$1/6 = 2/12$$

There are 12 apples. 3 are red.  
Write the fraction and its equivalent fraction.

$$3/12 = 1/4$$
